

MURALI A

Web Developer • Full-Stack Engineer

+91 6383217328 • muraliofficial68@gmail.com • Erode, Tamil Nadu, India

[Portfolio](#) • [GitHub](#) • [LinkedIn](#)

PROFESSIONAL SUMMARY

Results-oriented Web Developer with a strong track record of building robust full-stack applications, scalable e-commerce ecosystems, and high-performance user interfaces. Adept at leveraging modern web technologies — React, Vue 3, Tailwind CSS v4 — alongside cloud infrastructure (Firebase) and backend environments (Node.js). Proven ability to translate complex business requirements into seamless, user-centric web experiences.

TECHNICAL SKILLS

Languages & Runtimes	JavaScript (ES6+), Node.js, HTML5, CSS3
Frameworks & Libraries	React.js, Vue 3, Express.js, Handlebars.js, Bootstrap, Axios, Tailwind CSS v4
Databases & Cloud	Firebase (Auth, Firestore, Hosting), MongoDB Atlas, MySQL
Tools & Workflow	Git, SourceTree, VS Code, Cursor AI, Postman API

PROFESSIONAL EXPERIENCE

Web Developer | BMTechnovations, Erode

2025 – Present

- Architect and maintain highly dynamic web systems using Vue 3, Tailwind CSS v4, and Handlebars.js for scalable front-end delivery.
- Design and manage cloud databases, user authentication, and real-time data streams via Firebase Auth and Firestore.
- Accelerate feature delivery timelines using AI-assisted tooling (Cursor AI) and structured Git workflows via SourceTree.

Front-End Developer Intern | Segolsys Software & Technology, Coimbatore

Mar 2024 – Sep 2024

- Built and optimized highly responsive web interfaces using HTML5, CSS3, JavaScript, and Bootstrap ensuring cross-browser compatibility.
- Translated wireframes and design concepts into pixel-perfect, modern responsive layouts with clean, maintainable code.

Software Engineer | Optech Software India Pvt. Ltd., Coimbatore

Dec 2022 – Dec 2023

- Delivered high-tier onsite and remote technical resolution for complex Billing ERP software systems across client environments.
- Collaborated directly with the development team to trace and resolve software bugs based on structured client feedback.
- Recognized as Best Employee of the Year 2023 for outstanding technical support and dedication to client success.

FEATURED PROJECTS

BuyKart — Full-Stack E-Commerce & Inventory Management System Stack: Node.js, Express.js, Firebase, Tailwind CSS, HTML5, JavaScript

Live: <https://buykart-pearl.vercel.app>

- Engineered a comprehensive dual-sided web application featuring a user-facing storefront for real-time ordering and an admin dashboard for inventory management, stock tracking, and full order delivery lifecycle processing.

EasyMart — Online Grocery Web Application Stack: HTML, CSS, JavaScript, Bootstrap

- Developed a responsive online grocery platform implementing complete CRUD operations for efficient product management with a mobile-first interface optimized for all viewport sizes.
